

SCDL CUP PLAYOFF FORMAT

Here is how the Cup Playoff matches should be ran. Please print off a copy of this form and take it to the match with you on Tuesday night. It will save a lot of confusion over the course of play.

1. The higher seed team will host the match. Check the brackets for your seed.
2. Every match is blind draw including your doubles teams. Who you play with and who you play against should be decided by the cards. In doubles matches Ace / Deuce Red play against Ace Deuce Black. Three / Four Red play against Three / Four Black and Five / Six Red plays against Five / Six Black in that order. You must shoot in the order you were drawn. One, three & five going first. Either player can shoot for bulls eye.
3. The first team to 7 wins for A and B divisions, the first to 10 wins for C. No further darts are necessary.
4. If you reach a 6-6 tie in A or B division, or a 9 - 9 tie in C, you would play one game of 1001 FIDO (all 4 play in A/B and all 6 in C). The order of shooting would be determined by the singles draw in the first round. Anyone may shoot for bulls eye to start the game.
5. At the end of the match the winning team Captain will report the result via text to (315) 345-3930, email to admin@saltcitydarts.com or messenger to Dan Inman, and state your division and the team that won the match.
6. Above all – great sportsmanship should prevail. We are a family and the Cup Playoffs should be for fun and bring us together in that fashion - Good Darting.
